

Countertops

Elevate your space custom countertops made from high-quality, hand-selected materials for a stunning and durable finish. Our designer will help you select the best material(s) to match your overall design, budget and needs. We also provide professional installation to bring your project to life. Let's get started!

Custom Countertops

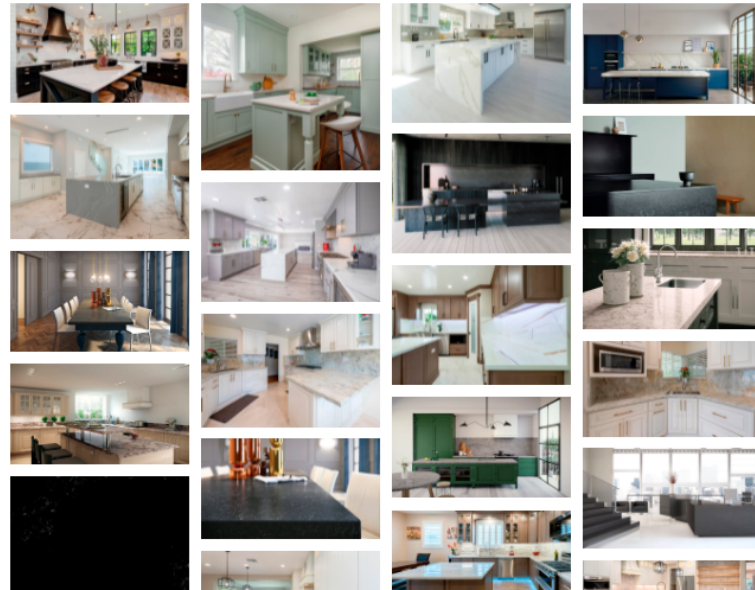

PNW Cabinets offers countertops in a variety of materials like natural stone, granite, quartz, marble, and soapstone – as well as solid surface and laminate. Some areas may also have access to wood and stainless steel options as well. Just ask your designer! Our designs account for various edge and sink options to ensure everything fits together perfectly.

Not sure where to start?

Whether you have a design in mind or are open to ideas, our designer will work with you one-on-one to bring your vision to life. We provide **100% free quotes** and **3D renderings** for your space. Send us your [measurements](#) to get started!

Natural Stone Countertops

Natural stone countertop options bring elegance and timeless style to your space. Choose from granite, marble, quartz, or soapstone. We carefully select each slab for ideal quality, color, and clarity.

Synthetic Countertops

Made from dense acrylic and other man-made materials, [Corian](#) and [Formica](#) solid-surface and laminate countertops are low maintenance, cost-efficient, and endlessly customizable.

Quartz Hybrid Countertops

[Silestone](#) and [Caesarstone](#) quartz composite countertops are made of approximately 90% quartz and 10% acrylic or epoxy binder and offer all the beauty of quartz with endless color possibilities and extreme durability.

Sinks & Backsplashes

Top off your custom countertops with the perfect sink and backsplash to match! As part of the initial design process, your designer can account for the space of your new sink and provide backsplash options to complement your countertop selection. Just ask!
