

Best Cabinet Design and Installers

We offer a variety of cabinetry solutions to fit your style and budget. You'll work one-on-one with a designer to select the cabinets, hardware, and lighting that are perfect for your unique project. Once designed, we'll provide professional installation to bring your project to life. Let's get started!

Cabinets

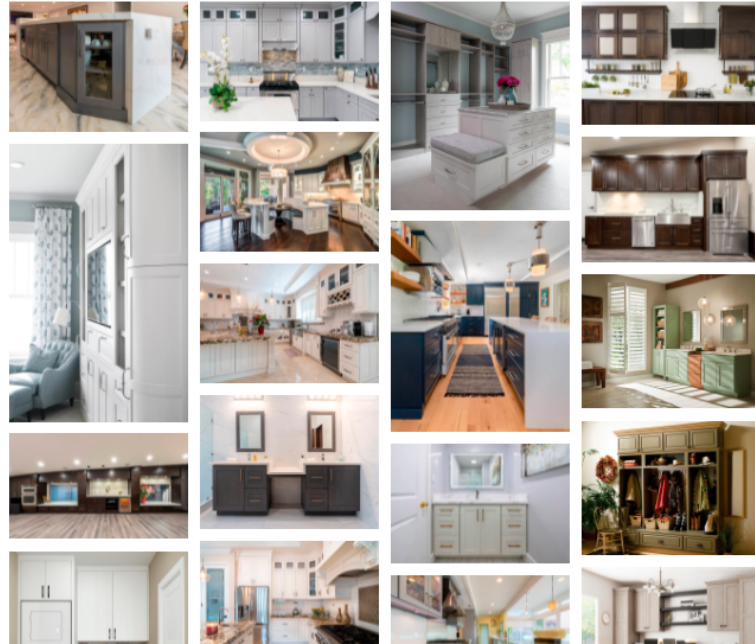

Our high-quality, ready to assemble (RTA) and custom cabinets are the perfect statement for your home. We source our cabinets from manufacturers that we trust like [ArtiCraft](#), [Avanity](#), [NatureKast](#), and [more!](#) Products are all-plywood construction with solid wood face frames and doors. Solid wood dovetail drawers and soft-close drawers/doors are standard. All of our cabinets will be professionally installed and come with limited lifetime warranties.

Not sure where to start?

Whether you have a design in mind or are open to ideas, our designer will work with you one-on-one to bring your vision to life. We provide **100% free quotes** and **3D renderings** for your space. Send us your [measurements](#) to get started!

RTA Cabinets

Custom Cabinets

RTA Cabinets

Ready to assemble (RTA) cabinets are an affordable and beautiful way to upgrade your space. Choose from 8 colors and door styles, then customize even more with knobs, pulls, and lighting!

Cabinet Hardware

Find the perfect hardware to complement your cabinet selection. Through our friends at [Hardware Resources](#), we offer over 1,500 styles of cabinet knobs and pulls by finish, brand, color, price, and more! Too many choices? Ask your designer to provide some options for you!

Custom Cabinets

Design your cabinets to fit your style! Our made-to-order custom cabinets (assembled) are built from the ground up specifically for you. Choose from unlimited colors, styles, and materials to perfectly fit your space.

Cabinet Lighting

PNW Cabinets doesn't stop at cabinets! We offer all kinds of lighting solutions from pre-assembled fixture options and tape lighting to puck lights and LED accessories (like dimmers and sensors). We also use angle power strips that can be installed under your cabinets and out of sight. Contact us for quotes and pricing!
